

Client: Ronald Graham Group

Facility: Lendrick Muir

Report Date: 21/10/2013

Roof Section: Flat Roofs

Report Data

Title	Final Inspection
Notes:	<p>Contractor on site: Ronald Graham roofing and Building Ltd</p> <p>Operatives on site: 4 Slaters</p> <p>Time of Inspection: 11.00am</p> <p>A final inspection was carried out to all the completed flat roof areas on the Lendrick Muir project. The inspection was left until all other works were complete on the project, ensuring no damage had occurred on the newly installed flat areas. We can confirm that all flat roofing elements have been completed to a high level of standard with the specification criteria being adhered too, throughout the contract. We are happy to now sign off the flat roof areas and issue the 15 year warranty covering material and labour.</p>
